SUMMARY

VFX Compositor currently based in London, with hands-on experience across film, advertising, web/TV and documentary. Specialised in Nuke compositing with a background in Motion Design, Video editing and Graphic Design supported by knowledge of 3D workflows. Comfortable working to tight deadlines and collaborating across demanding VFX production and AI-assisted workflows.

CORE SKILLS

Compositing: Nuke, After Effects, Silhouette FX, Mocha Pro, PFTrack

3D / VFX: Houdini, 3ds Max

Adobe: Premiere Pro, Photoshop, Illustrator, InDesign, Media Encoder, Substance Painter

Core: Collaborative review workflows, 2D & 3D compositing, keying, roto, cleanup, tracking, projection, paint and colour matching.

WORK EXPERIENCE

Final Post Ltd

June 2025 – Current

VFX Compositing Artist

- Contributed to approximately 320 VFX shots across 10 films, 2 advertisements, 3 web/TV series and 1 documentary; 9 projects are publicly released, with additional projects upcoming.
- Executed Nuke compositing workflows covering green-screen keying, roto, cleanup, tracking, projections, CG integration, paint fixes and colour matching to achieve seamless integration with live-action footage.
- Analysed and resolved shot-level compositing issues while incorporating review feedback and maintaining visual consistency across demanding production schedules.
- Selected publicly released credits include Awarapan 2, Baaghi 4, O'Romeo and Dastaar.

Optisol Business Solutions, Chennai

May 2022 – June 2023

Content Creator & Social Media Marketer (Part-time)

- Produced 5–10 social media posts and approximately 4 tutorial/demo videos per month for Instagram, Facebook and LinkedIn, supporting brand visibility and audience engagement.
- Created motion-led product and tutorial content by combining footage, voice-over, music, graphics and text into concise digital assets.
- Supported outbound marketing initiatives to identify and engage potential clients, contributing to increased audience reach, engagement and brand visibility.

Think Future Studios, Chennai

Nov 2021 – April 2022

Video & VFX Editor

- Produced approximately 25 educational motion-graphics videos from scripts and storyboards, plus 5 corporate videos, supporting approximately 5–6 clients.
- Edited music videos, corporate videos, title animations and cover videos for YouTube and social platforms using Adobe Creative Suite.
- Translated client requirements and scripts into visual narratives, motion graphics and polished video deliverables.
